Subject: Unrecognized Pune International Marathon

Dear All,

This is to inform you that Athletics Federation of India has not granted the permission for Pune International Marathon to be held on 3rd December 2017 at Pune.

In this regard, some athletes have approached Athletics Federation of India with a query about the 'Status' of Pune International Marathon. They have been informed that Pune International Marathon is not recognized by Athletics Federation of India.

You are strongly advised to skip this unrecognized Marathon as Athletics Federation of India is unsure regarding the course measurement. AFI is concerned regarding the safety of all participants as AFI officials are not part of this unrecognized Marathon.

However, organisers are claiming that route measured by IAAF and marathon is certified by AFI which is misleading to athletes & officials.

This is for your information and necessary action please.

Regards,

Yours sincerely,

CK Valson
Secretary, AFI
